

Investigative

Investigative people like to observe, learn, investigate, analyze, evaluate, or solve problems.

I am Investigative if:

- I like to study and solve math or science problems.
- I am good at understanding and solving science and math problems, compared to others my age.
- I value science.
- I am precise, scientific, and intellectual.

Investigative people prefer to think rather than to act, to organize and understand rather than to persuade. They do not tend to be “people oriented.”

Investigative

The “Thinkers”

Personality:

- Analytical
- Mathematical
- Scientific
- Originality
- Problem solver

Work Environments:

- Rewards high academic achievement
- Uses technical abilities to complete tasks
- Creative scrutiny of physical theories

Sample Occupations:

- Aerospace Engineers (IRC)
- Animal Scientists (IR)
- Biologists (IR)
- Cardiovascular Technologists (IRS)
- Chemical Engineers (IR)
- Chemists (IRC)
- Computer Programmers (IRC)
- Conservation Scientists (IR)
- Dentists, General (IRS)
- Electronics Engineers, Except Computer (IR)
- Environmental Scientists and Specialists (IR)
- Food Scientists and Technologists (IRC)
- Forensic Science Technicians (ICR)
- Geographers (IR)
- Materials Engineers (IR)
- Mathematical Science Teachers (ICS)
- Mathematicians (ICA)
- Medical Scientists (IRS)
- Natural Sciences Managers (IER)
- Nuclear Engineers (IRC)
- Pediatricians, General (IES)
- Software Developers, Applications (IRC)
- Soil and Plant Scientists (IR)
- Surgeons (IRS)
- Veterinarians (IR)
- Zoologists and Wildlife Biologists (IR)
