Batch Fast Path Analysis (FPAT) SOP
FPAT evaluates students' progress toward programs in which they **are not active**.

INFORMER
- Run *"Active Students"* to generate a list of active students and IDs (See Step 1 in the Identify Completers by Batch SOP)
- Export results to Excel CSV
- Filter out CCPP/CCPPE students and students with less than 12 credits.
- Break up list into groups of about 500

COLLEAGUE
- Create a Saved List (SLED) with groups of students – **STUJR (or your choice)**
- Create a Saved List (SLED) for programs of study (See CERT example below. Update program saved list at start of new academic year.)
    - Associate Degrees – **ASSOC**
    - Diploma Degrees – **DIPL**
    - Certificates – **CERT**

- Set up **FPAT** as noted below: ==*Be sure to update Catalog.*==

Output	S
Evaluate Other Pgms Only	Yes
Output Saved List Name	(POTENTIAL.STU.PGMS)
Include Code/Cutoff Date	C Completed work only
Format	1 Single-column Report
Related Courses Policy	F Footnote
Always Show Extra Courses	No
Ignored Statuses	1 D Dropped
	2 W Withdrawn
Students Saved List Name	STUJR (STUDENTS)
Oth Pgms Saved List Name	CERT (ACAD.PROGRAMS)
Catalog	2022

- Run **FPAT**
- Run Student Saved List (**STUJR**) through all programs (**ASSOC, DIPL, CERT**)
- Save CSV with students who have completed degrees

- Run **PSPR** to evaluate student progress toward degree.
  -Check for credits earned at BCCC and GPA
- If student meets credit and GPA requirements, add program in **SACP** or use **BASP** to batch assign programs.
- Graduate students from completed degrees. Follow **Batch Graduation SOP**.
